UPJOHN'S GLADIOLUS LIST, APRIL, 1931

SEC. 435 1-2 P. L. & R.

WORDS FROM OUR FRIENDS

Our Gladiolus are grown under irrigation in choice bulb soil, in new ground every year where bulbs never grew before and stored under most modern conditions.

But rather than to say more about them ourselves we have taken from our files a few letters from many of similar tenor received showing how our bulbs are received by people who buy them and what results are had.

In last year's catalogue we had a testimonial from Mr. W. E. Aepli, Plymouth, Indiana, as to what great success he had with our No. 6 bulbs. In September of 1930 we received the following letter from Mrs. Willard Chapin, Camden, Maine, which speaks for itself:

"Last spring I ordered ten lots of your No. 6 bulbs on the strength of a testimonial that you ran in your list. I will admit that when the bulbs arrived I thought them too small to bloom this summer and thought to myself that the testimonial was all 'hooy.' But they all started right and when it came time for them to bloom (as they did) they fully equaled Mr. Aepli's and then some. They were wonderful. I can't find words to describe the colors and the size of those wonderful flowers and they were only No. 6's. Will you please send your fall price list as I am ready to buy now."

Mr. Gordon R. Foster, Fredericton, Canada, writes: "I am sending you another order for Gladiolus bulbs. I had splendid success with your bulbs received last spring. The small bulbs of Pfitzer's Triumph, Geraldine Farrar, Veilchenblau, etc., all bloomed large and beautiful. I took first prize at our local exhibition."

Mr. William Shafer, nurseryman of Pomona, Calif., writes: "The Gladiolus bulbs arrived in fine shape and we wish to thank you for your generous count as well as for the extra bulbs. We are very much pleased with the quality they show."

Mr. Wm. DuTrieuille, New Haven, Conn., writes: "Being flower enthusiasts we postal clerks and carriers get together and talk about our experiences. I was recommended to you by Nick Cannon, city carrier, and I would like very much to receive your catalogue. Nick has boosted you to the skies and I know what he says can be depended upon."

From Mr. Harry M. Cahoon, Irvington, New Jersey, came this note: "Gladiolus bulbs arrived Saturday and are without a doubt the cleanest looking stock I have ever had the pleasure to receive. I wish to compliment you in all things and am telling my neighbors of your clean, healthy stock."

Writes John J. Tucker, Glenolden, Penn., "bulbs you sent me last spring are as good as any ever received, waiting for your fall list."

Mrs. David S. Cain wrote us from Barnesville, Ohio, as follows: "I feel I should tell you of the success I had with your Oregon grown bulbs. In the first place the bulbs purchased of you were the finest I received in my planting stock of 5000 bulbs. Every one clean, firm, high crowned bulbs. In our local flower show I competed with growers who grow fifty to sixty thousand and came in second in number of points. From the No. 6's I got splendid blooms. Fully 90 per cent bloomed. From a No. 3 Mrs. Leon Douglas dug a fine bulb and 71 bulblets. I thank you for the fine bulbs, likewise liberal count and free bulbs."

Mr. Jas A. Garner, Huntington, West Virginia, writes: "Bulbs received and are beautiful, clean stock; I thank you also for the free goods, did not expect anything free with small bulbs in such quantities ordered."

From up in Hamilton, Ont., Canada, Mr. James Varley writes: "I also wish to thank you for your prompt and careful shipment of Glads to me this spring, No. 5's and also for extras which I prize very much. All 20 varieties will have bloomed by the end of this month. Very big stems of flowers and say they are a real joy."

"If you don't stop sending me catalogues you will have me bankrupt. I can't resist your wonderful bulbs at your most attractive prices," writes one of our valued customers, Mr. James A. Bolton of Sayville, New York.

And Mr. H. W. Morris, of the American Steel & Iron Works of Pittsburgh Pa., also tells us of a pleased customer, made our friend by our bulbs. Mr. Morris writes: "Just yesterday I was handed one of your order blanks by one of your lady customers of our city with this request: 'By all means write for Mr. Upjohn's catalogue of Gladiolus for next season, I have tried numerous reputable houses but for several seasons I have used his only and never had such wonderful results.' Coming from a lady whose integrity is beyond question I am taking her at her word and asking that you favor me with a list."

COLUMBINE SEED

Last year our introduction of Miss Mabel S. Creighton's Oregon raised and Oregon hybridized Columbine (*Acquilegia*) seed met with a very favorable response and she is continuing to furnish us this seed this year. We have seen none superior anywhere. A liberal sized packet prepaid for \$1.00. She has seed from new crosses this year better than anything she had before produced.

A Little Tip to Buyers

Large bulbs in sizes Nos. 1 and 2 are considered best for exhibition blooms; Nos. 3 and 4 size bulbs are the best all around for gardeners who wish high-class blooms and they will give better bulbs the following year than the larger sizes; Nos. 5 and 6 size bulbs will give a good percentage of blooms when planted now in most climates except possibly in the short Canadian season and give wonderful bulbs for the succeeding years. The bulbs from No. 3 size down give excellent results and more bulbs for the same amount of money. Our returns from highly satisfied customers all over the east are ample proof of these assertions. We recommend Nos. 3 and 4 sizes, especially, if you plan to sell cut flowers. For bulb sales next year smaller sizes and bulblets may be added to your order with splendid results.

Our planting of planting stock last year was by far the largest we have ever made. We will be glad to give quotations on large quantities of sizes 4, 5 and 6 or bulblets in practically any variety listed. We are certain demands for planting stock will be extra heavy this year due to short crops of bulbs in many sections and we suggest you get your inquiries and orders in early to be assured of your planting stock for the coming year of quality bulbs at right prices. We will quote on large quantities either prepaid or F.O.B. Salem, as fits the wishes of the customer.

Canadian Customers: Please be sure and send permit numbers with your order as well as tag stickers furnished you by your plant quarantine department. Sending both permit and labels at time of order avoids confusion and delays at shipping time.
